### Testimonials:

*"This was my first BuildForce Industry Insight Event but well worth attending. For me the combination of supportive and well-informed industry connections (not just HR/recruitment) all in one place supported by your knowledge of the candidate makes this a highly effective employment event."*

*"Thank you for organising the event, it was great. I mostly appreciated talking to the ex-military leavers as they gave a real insight into the resettlement process. All of the companies there were very receptive and many offered opportunities of interest. I think I have a couple of opportunities to set up a work placement before Christmas which was my aim."*

*"Once again, very many thanks for presenting me - and all the other veterans and service leavers - with such wonderful opportunities at your insight day. I do think the construction industry and the military are a perfect match!"*
