## GUIDANCE NOTES

1. This form is for Event Organisers (EO) who are requesting RAF assets to **display** at their event. Requests from EO who only require a flypast should complete the flypast form.
2. RAF air support to private functions is not permitted including corporate events, weddings, funerals and birthdays.
3. The deadline for the display application submission is the **30th September 2020**.
4. Completed forms are to be returned by email to [CER-AirEventsTeam@mod.gov.uk](mailto:CER-AirEventsTeam@mod.gov.uk). Alternatively you may wish to return your form by post to the address detailed below. The RAF Air Events Team only controls the RAF Assets listed in Part 3. For Chinook, Puma and Apache requests please contact [JHC-Displays-0Mailbox@mod.gov.uk](mailto:JHC-Displays-0Mailbox@mod.gov.uk) and for Navy aircraft requests please contact [NAVYCSAV-DisplaysDAPShared@mod.gov.uk](mailto:NAVYCSAV-DisplaysDAPShared@mod.gov.uk)
5. The RAF reserves the right to withdraw support from an event at any time and without consultation where circumstances require. These include but are not limited to engineering issues, adverse weather or operational commitments. The RAF cannot be held accountable for any costs incurred by an EO as a result of such a withdrawal.
6. The EO listed on the application should be an individual contactable regarding RAF participation at the event.

### REGULATION OF FLYING DISPLAYS

7. There is a statutory requirement for EO to comply with CAA publication CAP 403: Flying Displays and Special Events ([www.caa.co.uk/cap403](http://www.caa.co.uk/cap403)) and/or MAA Regulatory Article (RA) 2335: Flying Displays and Flypasts. Please note, if your event includes a Flying Display by a civilian aircraft over civilian land, a CAA permission is required under Article 86 of the Air Navigation Order. Civilian events with Flying Displays involving military aircraft only, including those held over non-MOD occupied property, are classified as Military Flying Displays and are subject to RA 2335.
8. Where the regulations require it, a suitably qualified Flying Display Director (FDD) must be employed. FDDs are responsible to the CAA for the safe conduct of flying displays. The RAF does not provide FDDs for civilian events. An FDD is not normally required when a flypast or the RAF Falcons display is the only aerial activity at the event.
9. Details of the requirements for an FDD, FDD accreditation and a list of accredited FDDs is available at : <https://www.caa.co.uk/General-aviation/Displays,-events-and-activities/Flying-displays-and-special-events/>

### FLYING DISPLAYS

10. For 2021 the RAF display teams are limited to RAFAT, BBMF, Typhoon, Tutor and The RAF Falcons Parachute Display Team. The participation of these assets at public events will be chargeable. Detailed information on charges can be obtained from the RAF Air Events Team at the number(s) below.

### STATIC DISPLAYS

11. A static display is a ground attraction at an airfield for which specific display and insurance charges will apply. Physical security (provided by the RAF) will be required. If your event has a requirement for any operational or training RAF assets as a static outside of the display assets, please list them in the "Other" row in part 3 of the application.

### FLYPASTS

12. Flypasts are normally undertaken either by a display aircraft in transit, or by an operational aircraft on a routine training sortie. Under these circumstances, no charges would normally apply. Aircraft launched for a dedicated flypast or role demo may attract charges. If your event has a requirement for any operational or training RAF asset for a flypast outside of the display assets, please list them in the "Other" row in part 3 of the application.

### MAP REFERENCE GUIDANCE

13. Please provide a standard UK grid reference for the display location in the 10 figure format eg. **TQ 32706 81115**. Online tools are available to assist you, such as <https://www.gridreferencefinder.com>.

### OTHER AERIAL ACTIVITY

14. The Air Event Team should be made aware of any other aerial activity at your event to allow deconfliction planning. This includes planned UAV/ drones (for example media capture drones). Public at your events should be actively warned not to use UAVs/ drones around the times of the flying activity.
15. Further guidance can be obtained from the RAF Air Events Team on 020 8833 8762 / 8769 / 8063 or in writing at RAF Air Events Team, Bentley Priory Building, RAF Northolt, West End Road, Ruislip, HA4 6NG.
