

How to access the complimentary PressReader service during COVID-19

BFBS and its partner PressReader are working together to provide additional welfare support to our audiences during the current situation. You now have access to 60 days of free digital newspapers and magazines from PressReader's catalogue of over 7000 titles. Here are three simple steps on how to access this service.

1/ Using your browser visit:

<https://letstalk.pressreader.com/bfbs/>

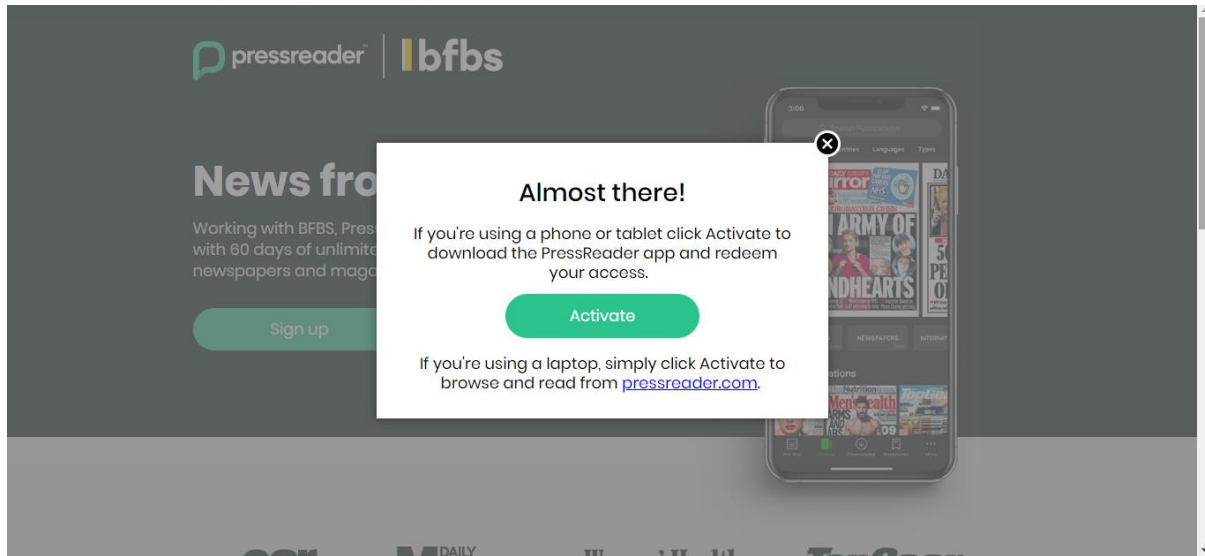

Click the Sign Up button and enter the basic information requested and then click the Submit button.

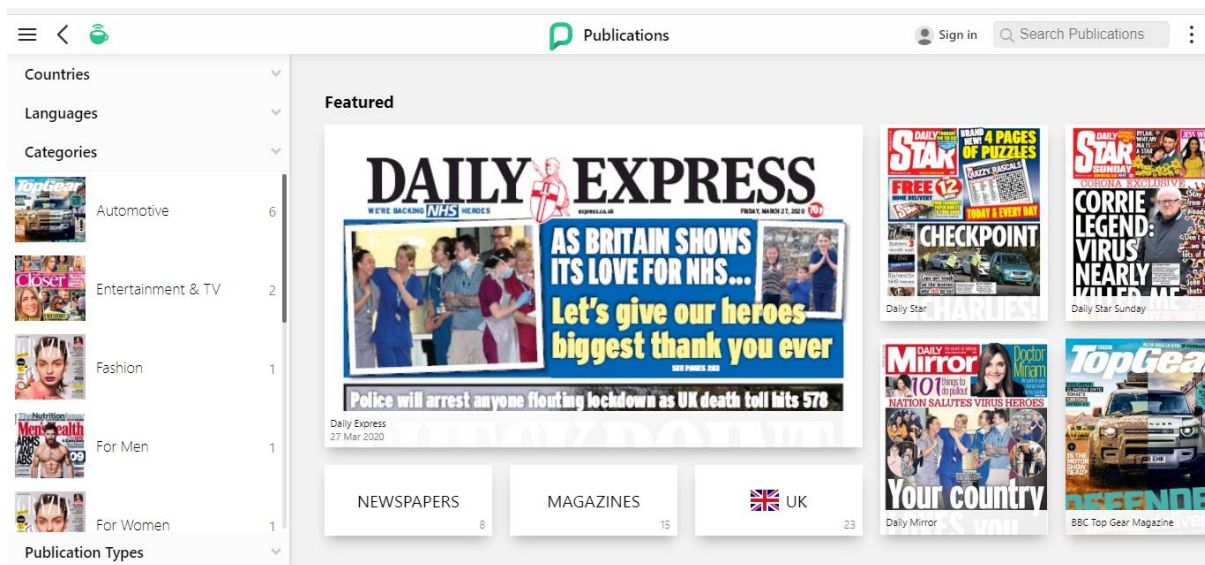

To unlock your complimentary access, share your information below (we recommend using your phone or tablet):

Yes, I agree to receive emails from PressReader about my inquiry and any relevant news, offers and product updates.*

2/ When the screen below appears click the Activate button. If you are on a personal electronic device this will direct you to download the PressReader app. Otherwise (if on a laptop or desktop) you will be taken to the PressReader website.

3/ Select your titles and enjoy!

If you need any further help with accessing the service, or are interested in finding out more about the PressReader service for members of the armed forces and their families, please contact development@bfbs.com
