Station Commander & Commander Air Wing

Vision & Strategy

Our Mission: **Prepare for and deliver global Air Mobility Operations.**

Our vision: **A Next Generation Air Mobility base.**

- **AM platforms are optimised** to deliver air power effect.
 - Sustained operational output, delivered safely.
 - More tactical development thinking.
 - Greater understanding of the effect AM Ops can deliver.
 - New ways of optimising platforms to deliver a broader range of tasks and be part of the 5th Gen Air Force.
 - New ideas and concepts are fast tracked to the frontline.
- The **base** and **those that use it** are **digitized** and fit for 21st century.
 - Training is provided on the digital tools already available.
 - Capitalise on Astra to accelerate digitization.
 - Wifi connectivity available
 - Programme Future Airport.
 - Future APOE plan.
 - The foundations are in place to make this happen: HYDRO, roofs, Estates Dev Plan.
- People take **pride** in what they do and take ownership of delivering change and improvements.
 - Standards are where they need to be across the Station.
 - We deliver safely.
 - Astra is part of our DNA - ideas are nurtured and delivered; LMs say, “yes.”
 - We strive for efficiency.
 - We reduce our carbon footprint and seek ways to deliver in a more sustainable way.
 - People digitally upskilled.
 - Infra plans are transparent, processes understood, we engage to drive improvements.
 - People help themselves, their teams, their base – challenging where things are not good enough; don’t accept the status quo; demand evidence to “policy” blockers.
- All contributions are valued – **everyone matters, every day, everywhere.**
 - We welcome, and actively seek, different approaches and ideas.
 - We provide opportunities for personnel to be heard – SMEs brief and are empowered to enact.
 - Use and share ideas from/with others – other sections, industry, other units.
