Centre Manager Comments

"Having a strong photographic portfolio demonstrates that you can take a good picture. This is also true when you gain an apprenticeship in photography. However, the Advanced Apprenticeship has the added value of making prospective employers aware that you can additionally articulate yourself, either verbally, in writing, or through IT skills to a nationally recognised level."

Apprentice Comments

"It's great having good and experienced instructors who clearly understand Defence photographic requirements". DSOP Learner.

"The quality of work-based learning is good in visual and performing arts and media" Ofsted Inspection Report.
