### Centre Manager Comments

"The RAF Fire & Rescue Service Accreditation Centre is committed to providing the opportunity for all Trade Group 8 Fire-fighters to complete a civilian recognised qualification and ensure that Apprentices have access to open and fair assessment.

On successful completion of the Apprenticeship it is the Centres aim to offer further transferable skills within the Fire Service Profession at every rank throughout a career".

### Apprentice Comments

"I had been torn between either a career in the Military or a career in the Fire Service. When I became aware that the RAF had a Fire Service it became the logical thing to do. I thought that it would literally be Military Training followed by Fire-fighter Training. It was surprise to find out that I would also receive qualifications that I could use back in the civilian world should I decide to leave the RAF. I used skills that I hadn't used for a while and also learnt a host of new ones that I continue to use to this day."
