Centre Manager Comments

"The Warehousing and Storage Apprenticeship is delivered by trained RAF Suppliers and civilian administration staff during your Supply Basic Training at RAF Halton and through work based assessment during your first tour on a RAF Main Operating Base."

Apprentice Comments

"I feel that undertaking this apprenticeship has been of great benefit to me. I enjoyed the experiences and have learnt a lot which has made me work a lot more effectively within my organisation. The recognised qualification gained will stand me in very good stead for life after the RAF. In the short term it is also a good stepping-stone to further education, such as a level 3 Qualification".
